

JOURNAL OF TRANSPORTATION AND STATISTICS

Guidelines for Manuscript Submission ▼ Instructions to Authors

After **retaining a copy for your files**, submit two double-spaced copies of your manuscript to:

Deborah Moore, Managing Editor
Journal of Transportation and Statistics
Bureau of Transportation Statistics
US Department of Transportation
Room 3430
400 7th Street SW
Washington DC 20590

As the manuscripts are subject to peer review, submission of a paper indicates the author's intention to publish in the *Journal of Transportation and Statistics*. Simultaneous submission of a manuscript to other journals is unacceptable. Previously published manuscripts, whether in an exact or approximate form, cannot be accepted. Check with the editor if in doubt.

All manuscripts must be prepared in an electronic format and double-spaced with a 1" margin on all sides. Double-space all material, including quotations, the abstract, and any notes. All figures and tables should appear at the end of the paper, and each should be on a separate page. Include the figure name and filename on the bottom of the page.

Articles prepared in L^AT_EX software will be accepted.

Cover page. This page should include the title of the manuscript, the author's name, mailing and email addresses, and telephone number. The following page should contain a **one-paragraph abstract** of the manuscript of about 100 words. The abstract should include the title of the manuscript, briefly describe the contents of the paper, and explain the research method and results. The abstract should not contain any abbreviations or acronyms.

Graphic elements. Make sure that figures and tables are called out in the text. The title of your article, along with the figure or table number, should be written on the bottom of the page. Figures and tables should appear at the end of the paper, and each should be on a separate page. Figures need to be on high-quality paper, no more than 8½" x 11" in size, in black ink. Complicated graphics are to be avoided, and print should be large enough to allow for considerable reduction.

References. The reference style follows the *Chicago Manual of Style*. In the text, include the author, year, and page number. For example: Road dust also accounted for over 30 percent of emissions of very fine particles—those measuring 2.5 microns or smaller. (Barnard 1996, 17). Complete references must appear at the end of your

manuscript. Include enough information in your reference so that the reader can find the document or contact its author. References should be alphabetized by authors' last names. When an author has more than one publication, place the oldest one first. Include the place of publication and publisher for books, and volume, month, or issue, and pages for journals. Examples of various types of references follow:

Papers selected for publication in the journal. An electronic copy of the manuscript must be submitted on a 3½" diskette, along with two paper copies of the article. **Make sure the hard copy corresponds to the electronic copy.** Label the diskette with your name, the date, and the title of your paper. Please specify what software was used, including the release number (e.g., Word for Windows). Send a list of filenames. Please keep a copy of the electronic file. **Send separate files for each table, figure, and the text.** Do not imbed tables and figures in the text files. Indicate the approximate placement of each figure and table in the text.

Once the **page proofs** of your manuscript are returned to you, you will be required to return them to the Managing Editor **within 48 hours**. If the proofs are not returned, we will assume the article is correct as is.
